

Death Penalty Action, in conjunction with Red Letter Christians and The Wonder Brothers, has been working for over a year to fund and produce a documentary series about the people impacted by the death penalty and those fighting to abolish it.

To date, 8 compelling mini-documentaries (*about 5 min. in length*) have been created. Each one focuses on a single individual whose voice of experience on the death penalty exemplifies the common experience of many. Hear the stories of:

- The Daughter (of a victim)
- The Warden
- The Innocent
- The Fight (for exoneration)
- The Forgotten
- The Brother
- The Professor
- The Mother

These videos are highly impactful and can be used to create meaningful dialog about capital punishment and it's wide-ranging affect on our communities and our nation.

DEATH PENALTY
