

Straight from the Heart Art Exhibit

An exciting way of ministering to those in prison is to host a "Straight from the Heart" art exhibit featuring artwork by the female inmates of Perryville women's prison located in Goodyear, AZ. This ministry brings the talents and dreams of artists in prison into the hearts of those who view their art. Each piece represents their journey through incarceration toward reconciliation and freedom. The proceeds from donations received provide them with a means to support their families and funds for the often crippling costs they incur when released.

If your church or venue is interested in hosting a Straight from the Heart art exhibit or would like more information, please contact Tisha Weir at:
